Dear San:

Thank you for your letter of May 26th. The information you sent is relatively close to my understanding of how the Joint Section began. *General*

Please be assured that the Board of Directors of the AANS has no intention of disrupting what is potentially an extraordinarily useful and valuable resource to the Association. The concern arises from a desire to insure that we have all the bases covered in our Bylaws. The Congress has similar concerns. Our meeting in Florida later this month will deal with this issue. Certainly we will be in touch with you after that to let you know the resolution. *SPINE*

Best regards, as always

Kemp Clark, M.D.  
President
