Carole A. Miller, M.D.
Secretary, Joint Section on Spinal Disorders
Dept. of Neurosurgery
Room N-947
Ohio State University Hospital
410 W. Tenth Avenue
Columbus, OH 43210

Dear Carole:

I received a letter from the Joint Section on Spinal Disorders dated January 9 informing the membership of AANS of the proposed name change for the Joint Section on Spinal Disorders. I approve of the change. However, there was no ballot within the correspondence for me to return to the central office. Hopefully, the error occurred only in my mailing, but you may want to check to be sure that this ballot was enclosed with the correspondence that went out to the membership.

On quite another subject, I need to talk to you about the upcoming meeting of the Neurosurgical Society of America, particularly the symposium on pituitary disorders. Please get back in touch with me whenever it is convenient for you. *

With kindest regards.

Sincerely,

George T. Tindall, M.D.
