Cleveland Clinic
9500 Euclid Avenue
Cleveland, OH 44106

Dear Russell:

I am enclosing the scientific program, speakers and moderators list, mailing list, and Scientific Program Committee list for your information, records and further suggestions. I will be making up a time protocol for future deadlines and dates for submission of abstracts and will communicate with you as soon as I have that solidified. I think things are going well. If there are any questions, please do not hesitate to communicate with me.

Warmest personal regards,

George W. Sybert, M.D.
Scientific Program Chairman
